CONTINUING EDUCATION OVERVIEW

(Additional information available in registration packet)

- CE credit will be awarded to those individuals who attend at least **80%** of each CE credit offered.
- Attendance will be verified using a magnetic card reader. To receive credit:
 - Swipe **once** upon entry into the lecture hall
 - **Must** swipe out once upon exit of lecture hall

If registrant remains in the lecture hall between lectures, they will not be required to swipe out until the end of the lecture series.

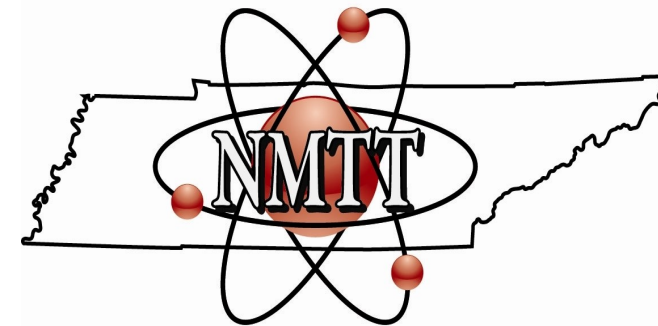

- You must sign the “sign-in” sheet during **each** lecture. This is mandatory by SNM that the sign-in sheet matches the magnetic card swipe reading.
- Each registrant must fill out the **VOICE CE Attendance form** located in registration packet. This will be used as backup only in the case of a malfunction of magnetic card reader. Turn in attendance form and magnetic card at end of meeting to receive a **SNM VOICE certificate**. A fee of \$5.00 will be charged for lost magnetic cards.

Program Objective:

Provide Nuclear Medicine Technologists with the information necessary to preserve and expand the current scope of practice, to identify the technologists role in molecular imaging, and to revisit issues related to radiation safety, educating the public, and to provide insight into accreditation and regulations under the current profession.
